

Township of Cavan Monaghan By-law No. 2019-12

Being a by-law respecting the procurement of Goods and Services for the Township of Cavan Monaghan

1.0 Legislative Authority

The Municipal Act, 2001, S.O. 2001, Chapter 25 Part VI, Section 270(1) as amended, states that a municipality shall adopt and maintain policies with respect to its procurement of goods and services.

2.0 Goals of the Purchasing Policy

- 2.1 This policy sets out guidelines for the Municipality to ensure that all purchases of goods and services provide the best value for the Municipality's ratepayers. All things being equal, and having regard for the guidance of this policy and the specific procurement process that is utilized, "best value" may be described as a balance of meeting or achieving performance standards and requirements for the goods or services to be procured and obtaining those goods or services at a cost commensurate with the standards and requirements imposed upon that acquisition.
- 2.2 This policy shall be known as the "Purchasing Policy" which provides guidance for an open and honest procurement program, with transparency as a cornerstone of the decision-making process.
- 2.3 This policy shall provide a purchasing environment that is fair, impartial and transparent.
- 2.4 This policy shall promote and maintain the integrity of the purchasing process and protect Council, vendors and staff involved in the process by providing clear direction and accountabilities.
- 2.5 A competitive bidding process is the preferred method of purchasing and as such Department Heads are encouraged to seek out new sources of supply, readily provide purchasing information to vendors in a cooperative manner and ensure that all mechanisms for purchasing contain clear and full disclosure of requirements.
- 2.6 To maintain integrity and protect the interests of our taxpayers, any elected or appointed official participating in a procurement process that have a private interest that are in conflict with their duties as elected or appointed officials, shall declare said conflict as required under the provisions of the *Municipal Conflict of Interest Act*, R.S.O. 1990, c.M.50.

2.7 All applicable legislation, including the *Municipal Freedom of Information and Protection of Privacy Act*, the *Municipal Act*, the Interprovincial Trade Agreement, and the Integrated Accessibility Standards Regulation will be considered prior and during the procurement process.

A pre-approved supplier has been selected through a Request for Supplier Qualification, RFSQ, which authorizes the supplier to provide goods/services for a defined period of time on terms and conditions, including pricing/discounts, as set out in the agreement.

The Request for Supplier Qualification is a public competitive procurement process posted in a fair, open and transparent manner. The Department Head, in conjunction with a municipal employee deemed appropriate by the CAO, are involved in evaluating proposals received as part of the RFSQ process. Proposals representing the best quality and range of products, level of customer service, delivery and potential cost savings are selected to become pre-approved suppliers for the Municipality. Pre-approved Suppliers are selected to cover a broad range of commodities commonly used in municipal operations.

Suppliers may submit an application, at any time during the year, to be considered for the Pre-Approved Supplier List as published annually in April. The same qualification requirements, evaluation process and agreements that were included in the original RFSQ shall apply to any subsequent process for the qualifying of a new supplier. Any newly approved applicants will be added annually in April to the Pre-Approved Supplier List. Annual applications are required to remain on the Suppliers list.

Pre-approved suppliers that fail to perform contracts awarded in a satisfactory manner, as determined in accordance with the supplier performance evaluation process, will be removed from the Pre-Approved Suppliers List and will no longer be eligible to participate or re-qualify during a two-year period.

A summary of each agreement, including product categories, is maintained by the Department Head and the Pre-Approved Suppliers List is posted on the municipal website.

4.2 Expenditure Authorization

5.2.3 In the event there are no funds available within the overall departmental budget and the respective Department Head wishes to undertake a procurement without budget support, the Department Head shall prepare a report to Council for approval with the source of financing endorsed by the Treasurer or designate.

5.3 Request for Tender, procurement equal to or greater than \$50,000

5.3.1 The Department Head shall not order goods and services equal to or exceeding \$50,000 without requesting and obtaining sealed tenders for the goods and services and receiving Council approval of the tender. At least three (3) bids shall be obtained whenever possible.

5.3.2 In the preparation of a tender, the Department Head shall ensure that, as a minimum, the bid document includes the following sections:

- instruction to bidders;

When it becomes necessary to revise, delete, substitute or add to the tender documents for a tender call, the Treasurer shall approve the issuance of an addendum prepared by the Department Head.

A copy of each addendum shall be forwarded by fax or email by the Department Head or his/her designate to all persons on the list referenced in section 10.3.6 and a copy shall be attached to all undistributed tender documents and updated on the Township website.

- 5.3.4 After the opening of the tenders, the Department Head responsible for the initiation of the Request For Tender shall review and confirm that each bid meets the tender specifications and is compliant.
- 5.3.5 The respective Department Head shall prepare a preliminary tender summary report of the tenders received, including the names of all those submitting a tender and the tender amounts and security/deposit amounts (if applicable) and a recommendation in writing to the CAO and Treasurer for review and comment prior to submission to Council. The report will then be forwarded to Council for direction.
- 5.3.6 Notwithstanding Section 5.3.3 & 5.3.4, where tenders are coordinated by a Consultant for a designated project, or by the County of Peterborough/other municipalities for co-operative purchasing, the Consultant/County/Municipality shall prepare a recommendation in writing and provide to the respective Department Head, who will prepare a report for Council.
- 5.3.7 Council shall make the final determination as to awarding of all tenders. The lowest tender, or any tender, not necessarily accepted. Appendix 'B' attached hereto outlines the Bid Irregularities and the guidance and direction of use.

5.4 Requests for Proposal

- 5.4.1 The Department Head may use a Request for Proposal in place of a tender or quotation when goods and services cannot be specifically stipulated or when alternative methods are being sought to perform functions or services. At least three (3) proposals shall be obtained whenever possible.
- 5.4.2 A RFP proposal document shall be developed by the respective Department Head, with support and input from the Treasurer and/or Chief Administrative Officer or designates.

The report will then be forwarded to Council for direction.

5.5 Request for Pre-Qualification

- 5.5.1 For any of the purchasing methods listed in this Bylaw, a pre-qualification process may be used where the Authorized Person wishes to ensure that Suppliers have the necessary experience, qualifications, and resources to provide the Goods, Services or Construction anticipated to be procured. The selection of Bidders to proceed to a procurement method by way of a pre-qualification shall not create any contractual obligation between the Township and a pre-qualified Supplier.

5.6 Non-Competitive Purchases (Sole Source, Single Source)

The requirement for a competitive bid process for the selection of a supplier for goods, services and construction (except for Emergencies – see 5.7) may be waived under authority of the CAO and replaced with direct negotiations by the Department Head (or delegate) under the following circumstances.

- a. The procurement qualifies as 'Sole Source' as defined in 5.6.1;
- b. The procurement qualifies as a 'Single Source' as defined in 5.6.2

5.6.1 Sole Source

The procurement may be conducted using a Sole Source process if the goods and/or services are available from only one supplier by reason of:

- a. Statutory or market-based monopoly;
- b. Competition is precluded due to the application of any Act or legislation or because of the existence of patent rights, copyrights, licence, technical secrets or controls of raw material; or
- c. The complete item, service, or system is unique to one supplier and no alternative or substitute exists.

If this method of purchasing is utilized, the Department Head and/or Consultant (as approved by the Department Head) must, in consultation with the CAO

provide a written report to Council which shall identify the eligible reason(s) and provide confirmation that the sole source purchase satisfies the eligibility criteria.

5.6.2 **Single Source**

Single Source means that there is more than one source of supply in the open market, but only one source is recommended due to predetermined and approved specifications.

The procurement may be conducted with valid and sufficient reasons for selecting one supplier in particular, as follows:

- a. An attempt to acquire the required goods and/or services by soliciting competitive bids has been made in good faith, but has failed to identify more than one willing and compliant supplier;
- b. The confidential nature of the requirement is such that it would not be in the public interest to solicit competitive bids;
- c. There is a need for compatibility with goods and/or services previously acquired or the required goods and/or services will be additional to similar goods and/or services being supplied under an existing contract (i.e. contract extension or renewal);
- d. The required goods and/or services are to be supplied by a particular supplier(s) having special knowledge, skills, expertise or experience;
- e. The goods are purchased under circumstances which are exceptionally advantageous to the Municipality, such as in the case of a bankruptcy or receivership;
- f. It is advantageous to the Municipality to acquire the goods or services from a supplier pursuant to the procurement process conducted by another public body;
- g. It is advantageous to the Municipality to acquire the goods or services directly from another public body or public service body;
- h. Another organization is funding or substantially funding the acquisition and has determined the supplier, and the terms and conditions of the commitment into which the Municipality will enter are acceptable to the Municipality; or
- i. Where due to abnormal market conditions, the goods, services or construction required are in short supply.

5.7 **Emergency and Time Sensitive Purchase**

- 5.7.1 The Department Head shall be authorized to make emergency and time sensitive purchases in excess of \$15,000 upon the approval of the Chief Administrative Officer. The Department Head shall present a report to Council at its next meeting providing sufficient details on the purchase, emergency involved or timing rationale, and impact on approved departmental budget.

A supplier should be chosen from the Pre-Approved Suppliers List, whenever possible.

5.7.2 Emergency includes:

- (i) an imminent or actual danger to the life, health or safety of an official or an employee while acting on the Municipality's behalf;
- (ii) an imminent or actual danger of injury to or destruction of real or personal property belonging to the Municipality;
- (iii) an unexpected interruption of a public service;
- (iv) an emergency as defined by the *Emergency Plans Act*, R.S.O. 1990, Chapter E.9 and the emergency plan formulated there under by the Municipality;

5.8 Advertising

The Department Head shall draft the advertisement in consultation with the Treasurer and/or CAO and publish same in appropriate publications. As a minimum, all Tenders and RFP's (not by invitation) shall be advertised on our website and advertised locally in the local media publication(s). The closing date for tenders and RFP's shall be no sooner than **two weeks** following publication in the local media unless the urgency of the requirement dictates otherwise and approval from Council has been obtained. Each advertisement for Tender and Request for Proposal shall typically contain the following information:

- location where Tender/RFP documents may be obtained;
- date and time of Tender/RFP closing;
- general specifications of the goods or services required;
- name and phone number of contact person.

5.9 List of Prospective Bidders

The Department Head or designate shall obtain at least one (1) price from a known supplier of the goods or services in advance of the attendance at the trade show in order to ascertain that the price(s) obtained at the trade show are in fact competitive. The Department Head or designate

shall record the price obtained prior to and following attendance at the trade show.

7. Exercise of Contract Renewal Options

7.1 Where a contract contains a Municipal option for renewal, Council shall decide whether the option should be exercised.

7.2 Prior to the date upon which a Municipal option may be exercised, the Department Head shall provide a report to Council for consideration in the exercise of its authority under subsection 7.1 above. Such report shall include and/or address the following:

- Whether, the supplier's performance in supplying the goods, services or construction is considered to have met the requirements of the contract,
- Whether the Department Head and CAO recommend that the exercise of the option is the best interest of the Municipality,
- A summary or business case supporting the Department Head/CAO's recommendation which includes commentary on the applicable market situation and trends, and
- Whether funds are available in appropriate accounts within the approved budget including authorized revisions to meet the proposed expenditure.

8.0 Contract Amendments and Revisions

8.1 No amendment or revision to a contract shall be made unless the amendment is in the best interest of the Municipality.

8.2 No amendment that changes the price of a contract shall be agreed to without a corresponding change in requirement or scope of work.

8.3 Amendments to contracts are subject to the identification and availability of sufficient funds in appropriate accounts within the approved budget including authorized revisions.

8.4 Where expenditures for the proposed amendment combined with the price of the original contract exceeds approved budget for the project, a report prepared by the Department Head, with the source of financing endorsed by the Treasurer or designate, shall be submitted to Council for approval.

9.0 Exclusions

9.1 While having regard for the goals of this policy, Department Heads are encouraged to consider the skills of Municipality staff and range of Municipality equipment and seek out in-house bids where applicable. In this manner, the respective Department Head shall prepare a written budget outlining all direct/in-

direct costs. The Department Head(s), Treasurer and Chief Administrative Officer shall review the budget and have regard for:

Appendix B - Bid Irregularity

Bid Irregularity

A bid irregularity is a deviation between the requirements (terms, conditions, specifications, special instructions) of a bid request and the information provided in a bid response.

For the purposes of this policy, bid irregularities are further classified as "major irregularities" or "minor irregularities".

A "**major irregularity**" is a deviation from the bid request that affects the price, quality, quantity or delivery, and is material to the award. If the deviation is permitted, the bidder could gain an unfair advantage over competitors. The CAO must reject any bid, which contains a major irregularity. The bidder will be notified of the rejection due to the major irregularity.

A "**minor irregularity**" is a deviation from the bid request, which affects form, rather than substance. The effect on the price, quality, quantity or delivery is not material to the award. If the deviation is permitted or corrected, the bidder would not gain an unfair advantage over competitors. The CAO may permit the bidder to correct a minor irregularity.

Mathematical Errors – Rectified by Staff

The Treasurer and/or CAO will correct errors in mathematical extensions and/or taxes, and the unit prices will govern. If, based on the corrected total the required bid deposit is insufficient, the bidder shall be notified and will be given 24 hours to rectify the issue or the bid will be automatically rejected.

Action Taken:

The Treasurer and/or CAO or designate will be responsible for all action taken in dealing with bid irregularities, and acts in accordance with the nature of the irregularity:

- major irregularity (automatic rejection)
- minor irregularity (bidder may rectify)
- mathematical error (additions or extensions) as above

In the event that the vendor withdraws his bid due to the identification of a major irregularity, the Municipality may disqualify such vendor from participating in Municipality quotations/tenders/requests for proposals for a period of up to one year.
